Gold in Australia's Northern Territory

- Three major historic goldfields – Pine Creek, Tennant Creek and Tanami.
- Callie gold mine in Tanami has produced >8 Moz Au, with substantial resources remaining.
- Long history of gold production in the Pine Creek region, with numerous other undeveloped deposits in the area.
- High-grade gold associated with ironstone-hosted copper-gold deposits in the Tennant Creek and Rover fields.
- Strong greenfields opportunities, especially in central Australia and in undercover areas.
